

RED Engineering is committed to:

Promoting a company culture of **QUEST**: **Q**uality focus leads to excellent **e**xecution, **s**afety and on **t**ime delivery.

- Sustaining employment for existing and future staff, providing a good place to work and developing staff to ensure that the Company has the necessary skills to meet all current and future challenges and to ensure a professional, effective and friendly service is given to our clients. This demonstrates to our staff that they are recognised as key to the company's overall performance.
- Forging partnerships with our suppliers, stakeholders and major players in the private and public sectors to ensure optimum business performance. We also ensure that our suppliers and partners that may be used in the delivery of our services also comply with our quality philosophy and company policies relevant to their impact on business activities.
- Achieving and maintaining a standard of excellence in the operation of business.
- Providing sufficient resources and equipment to ensure that the Company can operate to the documented Management System. The management system conforms to the requirements of BS EN ISO 9001:2015, the International Standard for Quality Management Systems.
- Ensuring that our quality management system provides a framework for the management and control of our activities for Quality, Environment and Health & Safety. It also assists in establishing and reviewing strategic objectives for the company.
- Ensuring that all company policies & procedures have the full support of senior management.
- Continually monitoring and reviewing our Quality Policy is to ensure that it remains relevant and effective to the changing needs of our customers.
- Continuous appraisal of our business to ensure that the quality of service we provide fully and consistently meets our customer expectations and all current and impending legislative requirements.
